

HIGH SCHOOL CORE SCOPE AND SEQUENCE

The Master's Study is a classically minded, Christ-centered, homeschool tutelage. Our goal is to partner with homeschooling families to cultivate a love of truth, beauty, and goodness. TMS provides excellent instruction and curricular guidance from passionate and caring teacher-tutors, and parents maintain the role of lead teacher, guiding students as they navigate courses. The Master's Study high school program meets twice weekly (Monday and Thursday). Core classes are required for all enrolled students and meet in the morning. A variety of math, language, science, and extra-curricular electives meet in the afternoon. Learn more at www.TheMastersStudy.org.
